EXPERIENCE

December 2024 - May 2025

Developer Support Assistant AI Interest Group | Toronto, Ontario

- Invited to join a local AI research enthusiasts club, actively participating as a Developer Support Assistant.
- Collaborated with club members on AI-related projects, providing support and technical assistance.
- Gained valuable hands-on experience in AI technologies and applications, enhancing my skills and understanding of the field.

June 2023 - April 2024

Front of House Employee Rudy's Chicken | Charlottetown, Prince Edward Island

- Engaged in front-of-house operations at a bustling local fried chicken restaurant, ensuring top-notch customer service and guest satisfaction.
- Skilled in greeting and seating guests, taking orders, and occasionally assisting in the kitchen, contributing to smooth restaurant operations.
- Developed communication and interpersonal skills through daily interactions with a diverse clientele.

June 2022 - January 2023

Cashier Queen Elizabeth Hospital | Charlottetown, Prince Edward Island

- Served as a volunteer cashier at the largest public hospital in PEI, managing daily transactions and customer service in the convenience store.
- Enhanced communication skills through regular interaction with patients and visitors.
- Ensured efficient transaction processes, improving customer satisfaction and deepening understanding of retail operations.

EDUCATION AND TRAINING

Expected in May 2027

Bachelor of Science | Computer Science
McMaster University, Hamilton, ON

ACTIVITIES AND HONORS

- In 2023, I had the honor of serving as a volunteer at the Canada Games held in Prince Edward Island. Initially joining as a team member, my dedication and exemplary performance quickly led to my promotion to the position of Department Head. In this leadership role, I oversaw and coordinated the activities of my department, ensuring smooth operations and contributing significantly to the success of the event.
